MOGSC Signs Strategic Partnership with INSTEP

By INSTEP

PETRONAS Technical Training Sdn Bhd (PTTSB or INSTEP) signed a Collaboration Agreement with MOGSC on 13 February 2018 at the Malaysian Petroleum Club. The ceremony was graced by Dato’ Raiha Azni Abd Rahman, SVP Group Human Resource Management PETRONAS and Chairman, Board of Directors PTTSB.

The Agreement marks a value-adding strategic alliance for both MOGSC and INSTEP, whereby MOGSC would provide the platform to create brand awareness and market INSTEP’s offerings to its 500 plus members. In return, INSTEP will provide the required quality learning solutions using its state-of-the-art facilities and competent instructors.
Speaking at the event, Chandramohan M Saminathan, CEO PTTSB, said "The value of this synergy was evident to MOGSC and INSTEP right from the onset when Ir Megat Zariman, Vice President MOGSC, brought 26 of their members to visit INSTEP last year. The industry players were impressed with INSTEP's facilities and offerings, as "Seeing is Believing".

Pn Sharifah Zaida Nurlisha, in her speech, added "This Collaboration marks a starting point for development of joint courses which I hope will be launched soon for the benefit of the industry. It is MOGSC's objective to promote the capabilities of our members and to develop the competency of their workforce."

"It is MOGSC’s objective to promote the capabilities of our members and to develop the competency of their workforce."

Pn Sharifah Zaida was an active participant in INSTEP Experiential Business Networking event last October, which was attended by 44 international delegates from 29 companies.

Both INSTEP and MOGSC expressed their confidence that this alliance will be a catalyst for more training and human capital development to support PETRONAS unwavering efforts to produce a skilled workforce for the local oil & gas industry.

The Act Safe Stay Safe committee held 2 free trainings on Leadership Visit and Management Safety Walkthrough on 11th January and 20th February 2018 at MITIN KL City Centre. The training was delivered by John R. Christian, Vice President QHSES Asia Pacific, TechnipFMC. A total of 32 participants attended the training. More trainings will be rolled out from the committee in the coming year. Stay tuned!
MOGSC - BMCC Decommissioning Forum

On Monday, 15th January 2018, MOGSC and the British Malaysian Chamber of Commerce (BMCC) Energy Committee jointly organized the Decommissioning Forum titled, “Understanding the Journey to Decommissioning - Malaysia’s Roadmap to Cost Efficient Solutions: Lessons from Global Industry Leaders” at the Royal Selangor Golf Club (RSGC). The forum was also supported by the Energy Industries Council (EIC).

The Decommissioning of unused oil and gas infrastructures is a complex process undertaken after the asset’s ‘glory days,’ when ageing facilities can no longer justify their intended or current purpose. While some countries have been performing decommissioning for many decades, Malaysia is just beginning to see the need for a greater understanding for this procedure. With over 300 fixed offshore platforms in the country of which more than half are approaching the end of their intended service life, reality is starting to sink in that many of these platforms may have to be removed or dealt with in the near future. To date, only a handful of fixed offshore platforms in Malaysian waters have been decommissioned.

The keynote address was delivered by H.E. Vicki Treadell CMG, MVO, the British High Commissioner to Malaysia where she invited Malaysian companies with decommissioning expertise to export their services to the United Kingdom.

The second keynote address was delivered by En. Muhammad Zamri Jusoh, Vice President of Malaysia Petroleum Management, PETRONAS. He shared the planned decommissioning for Malaysia in the next 5 years.

The forum continued with six Industry Expert Speakers:
1. Prasanth Kakaraparthi from Wood Mackenzie on Decommissioning Demand in Asia Pacific;
2. Steve Gilbert from Lloyd’s Register on Late Life Asset Management & Decommissioning;
3. Fam Mei Ling also from Lloyd’s Register on A review of offshore decommissioning regulations in three countries – strengths and weaknesses;
4. Jason Veerasingam from Boskalis on Journey into the Decommissioning World;
5. Dr. Witsarut Thungsuntonkhun from Malaysia-Thailand Joint Authority (MTJA) on Thailand Decommissioning; and

“Planned decommissioning in Malaysia for the next 5 years – 26 facilities, 250 wells costing RM5-6 billion.”
MOGSC at International Energy Week 2018
Kuching, Sarawak

From the 23rd – 25th of January 2018, MOGSC participated in the International Energy Week 2018 held at the Borneo Convention Centre in Kuching, Sarawak. We had a MOGSC Pavilion for members to participate in the exhibition. The companies that were part of the MOGSC Pavilion were DSCAFF, DRB-HICOM, Foxboro, Transwater and Schlumberger. We were also fortunate to receive a visit from the Yang di-Pertua Negeri Sarawak, Tun Pehin Sri Haji Abdul Taib Mahmud and Sarawak Deputy Chief Minister, YB Datuk Amar Awang Tengah Ali Hasan, who is also the Minister of Industrial and Entrepreneur Development and Second Minister of Urban Development and Natural Resources to the MOGSC Pavilion.
MOGSC Meet-the-Members
Overview of the PETRONAS Technology Management System and Introduction of OGProtect

On Thursday, 22nd February 2018, MOGSC organized another Meet-the-Members with the topic, Overview of the PETRONAS Technology Management System and Introduction of OGProtect at Cornerstone, Wisma Selangor Dredging in Kuala Lumpur. En. Husin Albasri Mansor, Head of Technology Innovation, Group Research & Technology, PETRONAS presented on the Technology Readiness Level Framework, which is used to measure the maturity of internally developed and application of technologies from external providers. He also gave an overview of PETRONAS Open Innovation initiatives.

The second session on Introduction of OGProtect was presented by En Adlan Ahmad, MOGSC EXCO member. OGProtect is a MOGSC and PETRONAS CORAL 2.0 initiative to address issues with Project Insurance. The end-goal is to implement the Industry Mutual Hold Harmless (IMHH) where it will address the issue of overlapping insurance which is unnecessary additional costs to the project.

For the first phase, we will launch the online portal where companies will be able to purchase your project insurance from providers that understand the industry and adhere to the terms & conditions of the contract. The premium will be cheaper than what companies are getting from their insurance providers currently. Members are encouraged to visit: http://matrixcentric.com/ogprotect/

3. With Ms. Darcee Munroe, Senior Trade Commissioner (right) on Tuesday, 20th March

4. Alberta, Canada Business Seminar on Wednesday, 21st March 2018
MOGSC visit to Regasification Terminal Sungai Udang (RGTSU) Malacca

by Capt Ahmad Imran Mohd Azmi, EXCO, MOGSC Mentor, Marine Logistics Working Group

Tuesday, 27th March 2018 – MOGSC EXCO was given the privilege to tour the Regasification Terminal Sungai Udang (RGTSU) facilities, including visit onboard the Floating Storage Unit (FSU) in order for MOGSC to understand the RGT and its operations.

En Rozali Khamis of Regas Terminal (Sg Udang) Sdn Bhd delivered safety briefing prior boarding a boat to the RGT jetty. The 30 minutes boat ride was bumpy as the weather was not favorable, and the visit was almost cancelled due to difficulty in disembarking due to choppy seas.

We waited till the weather improved and finally managed to disembark safely from the boat. En Rozali then brought the delegates to visit the Jetty Regas Unit (JRU) and gave a short presentation on the RGT operations, followed by a tour onboard the FSU-2 (ex Tenaga Empat).

Captain Suhaime Salleh, the Master of FSU-2 greeted the delegate and showed us around the FSU-2 facilities including the Cargo Control Room (CCR) and the navigation bridge, followed by a generous lunch onboard.

MOGSC would like to record our special thanks to En Abdul Razak Saim, Head, Business Development & Commercial Division, Petronas Gas Berhad, En Rozali Khamis, Terminal Operation of Regas Terminal (Sg Udang) Sdn Bhd and the Master of FSU-2, Capt Suhaime for an excellent and insightful visit to the RGTSU. We hope to arrange a similar trip for MOGSC members in the near future.
The 7th Annual MOGSC Industry Golf Tournament - Riser Cup 2018 was held on Saturday, 31st March 2018 at Nilai Springs Golf & Country Club. The 23 flights competed in Ryder Cup style – Team Oil vs Team Flow for the Overall Champion Trophy. Congratulations to the winners:

**OVERALL CHAMPION TROPHY**: Team Oil

- **Champion**: Ahmad Azrin & Hafizy Jamaluddin (Team Oil – HZN Associates)
- **2nd Place**: Tn. Hj. Kormain & Zainuddin Yahya (Team Oil – Dialog)
- **3rd Place**: Nazri Latif & Abdul Jalil Zainol (Team Oil – SGS)
- **4th Place**: Ismail Omar & Peter Majid (Team Oil – Solar Alert)
- **5th Place**: Dato’ Sharil Muha & Syed Amir Aljunid (Team Flow – HZN Associates)
- **6th Place**: Shazli Razak & Ahmad Syahmi (Team Flow – Kemuncak Lanai)
- **7th Place**: Farid Suhaimi & Ahmad Syah (Team Oil – Muhibbah Engineering)
- **8th Place**: Saiful Ardian & Damaq Syahrie (Team Flow – Redtech Offshore)
- **9th Place**: Nordin Ramli & Rahim Shamsudin (Team Oil – Boskalis)
- **10th Place**: Dato’ Zubaidi Sulaiman & Mohd Izham Kassim (Team Flow – Solar Alert)

**NOVELTY PRIZES**

- Longest Drive (Hole #8): Mohd Damaq Anuar (229m)
- Longest Drive (Hole #25): Farid Suhaimi (240m)
- Nearest to Pin (Hole #26): Peter Majid (10ft 10in)
